**Subject:** RE: Water quality and sediment sample collection at the Gold King Mine Site

Hi Nancy,

We spoke with the mine regards the county sampling in the Adit.

The next opportunity would be Sunday. They are shotcreteing continually until then.

We've asked them to assess other potential dates post Sunday during the week.

Mike

Fyi .. let me know when you have reached the mine re: sampling – county may want to take our additional sample as well as collect their own with our assistance.

Thanks ng

Dave, just checking to see if you received my e-mail below. Any word from the owner of the Gold King Mine?

Thanks for your attention in this matter.

Pete

**Subject:** Water quality and sediment sample collection at the Gold King Mine Site

Dave,

Thanks for returning my call. La Plata County is interested in collecting water quality and sediment samples at the Gold King Mine Site. EPA will likely collect samples at the same time. La Plata County is requesting access from the mine owner to collect the samples. Can you follow up with your client and see if La Plata County can get access to the Gold King Mine portal.

Please let me know.

Thank you.

Pete
